III. Methodology of work

Assess progress, results and effectiveness of project activities and technical outputs at national level. Verify achievement of project objectives, identify lessons learned and best practices and recommend adaptation where necessary.

IV. Objectives of the meeting

The objective of the Third Steering Committee meeting is to review project performance, to analyze whether the project has achieved its objectives, what problems and challenges the project has encountered, and what are the lessons learned and best practices identified during the implementation of project activities. The PSC will also discuss the possibility to continue working with UNITAR and UN Environment on strengthening national PRTRs and consolidate the work done under the GEF project.

V. Mandate and members of the Project Steering Committee

The PSC is formed by UN Environment (Implementing Agency), UNITAR (Executing Agency), UNECE (PRTR Protocol Secretariat) and National Coordinators of the participating countries.

The PSC met back-to-back with the technical meetings, i.e. Inception Workshop (15 November 2015), Mid-term Workshop (5 March 2018) and Final Workshop (15 March 2019). The mandate of the PSC is to monitor the progress of the project and give advice as to implementation issues.
