SMOGFEST 2003: SCHEDULE OF EVENTS NOW AVAILABLE

We live in the Smog Capital of Canada. Here at the Citizens Environment Alliance (CEA) we are still frustrated by the lack of positive environmental action from local industry and politicians. Countless press releases, public presentations and pleas for remedial action seem to be ignored by area power brokers. That's why we are holding our 2nd Annual SMOGFEST.

The 2nd Annual SMOGFEST schedule of events is now available. Join us in bringing attention to our region's poor air quality and its effect on our health and the environment.

WHO IS THE CEA?

The Citizens Environment Alliance (CEA) is a non-profit, grass-roots, binational, education and research organization. We are committed to an ecosystem approach to environmental planning and management.

The CEA was formed in 1985 by citizens concerned about spills from the (Sarnia) Chemical Valley into the St. Clair River (the Toxic blob), and how those spills affected the region's drinking water. Later, the CEA began to focus on the questions of toxins in the Great Lakes, as well as air quality throughout the transboundary area.

ALTERNATIVES (WEEKLY RADIO SHOW)

Be sure to listen to 'Alternatives' for environmental and social justice news and views, every Friday at noon on CJAM Radio, 91.5 FM.

CJAM - ONLINE - LIVE

CJAM is a non-profit campus/community radio station whose mandate is to provide music and information programming not offered by mainstream commercial media in the Windsor/Detroit area. Click on their logo to visit their web site and review their program line-up.
